

We are nearing 10 years since the release of the 2015 Position Statement on Active Outdoor Play!

The 2015 Position Statement on Active Outdoor Play served as a galvanizing force for the outdoor play sector in Canada. 2025 marks the 10-year anniversary since the release of the Position Statement, and we are developing an update to the Position Statement to rejuvenate the movement to get global citizens outside.

Goal of the update and expansion

To expand, rejuvenate, amplify, power, guide and direct the movement to get global citizens outside – to play, learn, teach, grow and develop as healthy, caring and environmentally attentive citizens who act as responsible stewards of each other, the land, water, air, plants and animals.
