

# Supporting outdoor play and learning for children with disabilities: Insights from Canada and Denmark

Presented by Outdoor Play Canada and Children & Nature Denmark

Join us for an interactive webinar exploring the vital role of outdoor play and learning in the lives of children with disabilities.

This session will highlight the ongoing work of two national outdoor play organizations and research findings on inclusive and accessible outdoor play and learning from both Canada and Denmark.

Participants will engage in facilitated breakout rooms, providing a collaborative space to discuss practical strategies and actionable steps to support outdoor play and learning for children with disabilities.
